Title	Price
Bulletin of the IDF N° 488/ 2017: The IDF Guide on Biodiversity for the Dairy Sector	Free!
Bulletin of the IDF N° 487/ 2017: IDF Global Marketing Trends, Understanding Changes in Global Dairy Consumption	€250,00 + taxes as applicable
Bulletin of the IDF N° 486/ 2017: The IDF Guide to Water Footprint Methodology for the Dairy Sector	Free!
Bulletin of the IDF N° 484/ 2016: Proceedings of the 5th, Paratuberculosis Forum	€85,00–€185,00 + taxes as applicable
Bulletin of the IDF N° 485/ 2016: The World Dairy Situation 2016	€500,00–€600,00 + taxes as applicable
Bulletin of the IDF N° 483/ 2016: Fluorimetric method for the determination of alkaline phosphatase activity in cow's milk cheese: Interlaboratory collaborative study	€25,00–€125,00 + taxes as applicable
Bulletin of the IDF N° 482/ 2016: Evaluation of the Nitrogen conversion factors for dairy and soy	Free!
Bulletin of the IDF N° 481/ 2015: The World Dairy Situation 2015	€250,00 + taxes as applicable
Bulletin of the IDF N° 479/ 2015: A common carbon footprint approach for the dairy sector - The IDF guide to standard life cycle assessment methodology	Free!
Bulletin of the IDF N° 480/ 2015: The contribution of school milk programmes to the nutrition of children worldwide	Free!
Bulletin of the IDF N° 478/ 2015: Interlaboratory collaborative study on a flow cytometry method for lactic acid bacteria quantification in starter cultures, probiotics and fermented milk products according to ISO 19344/IDF 232	€55,00–€155,00 + taxes as applicable
Bulletin of the IDF N° 476/ 2014 - The World Dairy Situation 2014	€125,00 + taxes as applicable

Bulletin of the IDF N° 473/ 2014: Compilation of some presentations from the IDF World Dairy Summit 2013	Free!
Bulletin of the IDF N° 475/ 2014: Proceedings of the 4th Paratuberculosis Forum - Parma, Italy, 21 June 2014	€120,00–€220,00 + taxes as applicable
Bulletin of the IDF N° 477/ 2014: Determination of hen's egg white lysozyme in milk and cheese -Interlaboratory collaborative study	€40,00–€140,00 + taxes as applicable
Bulletin of the IDF N° 471/ 2014: Detection of inhibitors and antimicrobial residues in milk and dairy products by screening methods - Guidance on preparation of the test portion	€10,00–€110,00 + taxes as applicable
Bulletin of the IDF N° 472/ 2014: Posters presented at the IDF World Dairy Summit 2013	€140,00–€240,00 + taxes as applicable
Bulletin of the IDF N° 474/ 2014: Detecting antibiotic residues in milk - Guidance on the application of screening and confirmatory methods in integrated dairy chain management	€40,00–€140,00 + taxes as applicable
Bulletin of the IDF N° 470/ 2013: The World Dairy Situation 2013	Free!
Bulletin of the IDF N° 464/ 2013: Emerging Dairy Sector Conference, IDF World Dairy Summit 2012 - Cape Town, South Africa - October 2012	Free!
Bulletin of the IDF N° 465/ 2013: Identification and assessment of emerging issues associated with chemical contaminants in dairy products	Free!
Bulletin of the IDF N° 463/ 2013: Proceedings of The Nutrition and Health Conference, IDF World Dairy Summit 2012-Cape Town, South Africa-October 2012	€60,00–€160,00 + taxes as applicable
Bulletin of the IDF N° 466/ 2013: Guidelines for the use and interpretation of bovine milk somatic cell counts (SCC) in the dairy industry	€20,00–€120,00 + taxes as applicable
Bulletin of the IDF N° 467/ 2013: Collaborative study of ISO 26323 IDF 213 on determination of the acidification activity of dairy cultures by continuous pH measurement (CpH)	€20,00–€120,00 + taxes as applicable
Bulletin of the IDF N° 468/ 2013: Interlaboratory collaborative study of a method for the determination of nitrogenous fractions in cheese-ISO 27871/IDF224	€10,00–€110,00 + taxes as applicable

Bulletin of the IDF No. 418/2007: Good Dairy Farming Practices Related To Primary Production Of Milk And Farm Management	€35,00—€135,00	+ taxes as applicable
Bulletin of the IDF N° 420/ 2007: Coagulation Of Milk: Processes And Characteristics	€30,00—€130,00	+ taxes as applicable
Bulletin of the IDF N° 421/ 2007: Foot And Mouth Disease And The Dairy Industry: Problems And Prevention	€50,00—€150,00	+ taxes as applicable
Bulletin of the IDF No. 403/2006: Payment Systems for Ex-Farm Milk	€85,00—€185,00	+ taxes as applicable
Bulletin of the IDF No. 404/2006: Continuous monitoring of machine milking	€25,00—€125,00	+ taxes as applicable
Bulletin of the IDF No. 406/2006: New Applications of Mid-infra-red Spectrometry for the Analysis of Milk and Milk Products	€25,00—€125,00	+ taxes as applicable
Bulletin of the IDF No. 407/2006: Determination of Water Content of Butter Oil By Karl Fischer Titration	€10,00—€110,00	+ taxes as applicable
Bulletin of the IDF No. 408/2006: Staphylococcus Aureus Intramammary Infections	€30,00—€130,00	+ taxes as applicable
The Codex General Standard for the Use of Dairy Terms - Its nature, intent and implications	Free!	
Economic Consequences Of Mastitis	€20,00—€120,00	+ taxes as applicable
Method Standardization In The Third Millennium	€45,00—€145,00	+ taxes as applicable
Bulletin of the IDF No. 396/2005: Evaluating Milking Performance	€20,00—€120,00	+ taxes as applicable
Membrane technologies for the fractionation of dairy components	€10,00—€110,00	+ taxes as applicable
The World Market for Cheese 1995-2004, Sixth Edition	€55,00—€155,00	+ taxes as applicable
Bulletin of the IDF No. 386/2004 - Bruges 2003 - Quality Management at Farm Level - Code of Good Hygienic Practices for Milking with Automatic Milking Systems	€155,00	+ taxes as applicable
Bruges 2003 - Centenary of IDF - The Dairy (R)evolution - 100 Years Change	€160,00	+ taxes as applicable

IDF Publications Catalogue catalog

Methods for Calculating Milk Equivalents -
Characteristics of Sheep and Goat Milks - Test
Kits for Milk from Species Other than Cows €160,00 + taxes as applicable

Bruges 2003 - Advances in Fractionation and
Separation: Processes for Novel Dairy
Applications €200,00 + taxes as applicable

Bruges 2003 - 100 Years with Liners and
Pulsators in Machine Milking €200,00 + taxes as applicable

Bulletin of the IDF No. 392/2004: Food Safety
Objective (FSO) & Performance Objective (PO) -
Heat Resistance of Pathogenic Organisms €230,00 + taxes as applicable

Guide for Dairy Managers on Wastage
Prevention €160,00 + taxes as applicable

Proceedings of the IDF 2nd World Symposium,
Melbourne, August 2003 €160,00 + taxes as applicable

Review of Practices for Cleaning and
Sanitation of Milking Machines - Measuring
Vacuum in Milking Machines €160,00 + taxes as applicable

New Applications of Mid-infra-red Spectrometry
for the Analysis of Milk and Milk Products -
Proceedings of IDF Symposium on
Advancement in Analytical Techniques €160,00 + taxes as applicable

Health Effects of Probiotics and Culture-
Containing Dairy Products in Humans -
Detection of Fermentation-Produced Chymosin
(FPC) in Rennet - Laboratories in Transition €160,00 + taxes as applicable

A fresh perspective for managing milk-borne
diseases €165,00 + taxes as applicable

New processing technologies for the future €180,00 + taxes as applicable

Quantitative Recommendations for Milking
Machine Install. for Small Ruminants -
Guidelines: test of the flow Capacity of the
Milking Unit - Nutrition Week 2000 €145,00 + taxes as applicable

Payment Systems for Ex-Farm Milk €170,00 + taxes as applicable

Bulletin of the IDF N° 377/2002: Health
benefits and safety evaluation of certain food
components - Inventory of Microorganisms with
a documented history of use in food - Trans
Fatty Acids - Milk lipids in diet and health –
Medium Chain Fatty Acids (MCFA) €145,00 + taxes as applicable

IDF Publications Catalogue catalog

Farming for profit from fresh pasture	€140,00	+ taxes as applicable
Fresh perspectives on bioactive dairy products	€200,00	+ taxes as applicable
The implications of policy changes for the world dairy industry	€200,00	+ taxes as applicable
Use of enzyme preparations in cheesemaking - Detection of vegetable proteins in milk products	€155,00	+ taxes as applicable
Quality Management for Small & Medium-Sized Dairy Processors	€155,00	+ taxes as applicable
The Global Dairy Industry Today	€140,00	+ taxes as applicable
Dairy Nutrition for a Healthy Future - Sphingolipids: Metabolism and Implications for Health	€155,00	+ taxes as applicable
Influence of Feed on Major Components of Milk - Nutrient Removal Practices in the Dairy Industry	€155,00	+ taxes as applicable
Structural Change in the Dairy Sector	€155,00	+ taxes as applicable
The World Market for Cheese (Fifth Edition)	€150,00	+ taxes as applicable
Cheeses in all their Aspects - Detection of antibiotic residues in liquid whey and demineralized whey powders - Safety performance criteria for a microbiocidal step (treatment)	€140,00	+ taxes as applicable
Mastitis Newsletter No. 24	€140,00	+ taxes as applicable
Mycobacterium paratuberculosis	€155,00	+ taxes as applicable
Bulletin of the IDF N° 364/2001: On-Farm Control and Diagnosis of Paratuberculosis	€185,00	+ taxes as applicable
Culture-Containing Dairy Products - Effect on Intestinal Microflora, Human Nutrition and Health - Current Knowledge and Future Perspectives	€130,00	+ taxes as applicable
Inventory of IDF/ISO/AOAC International adopted methods of analysis and sampling for milk and milk products (sixth edition)	€135,00	+ taxes as applicable
Disposal and Utilization of Dairy Sludge - Contamination of Milk	€135,00	+ taxes as applicable

IDF Publications Catalogue catalog

This catalogue was generated on June 26, 2017

Safety in Dairy Products	€135,00	+ taxes as applicable
Overcoming Barriers to World Trade in Foods and Dairy Products	€135,00	+ taxes as applicable
Automatic Milking - Payment Systems for Ex-Farm Milk - Dairy Farmers and the Millennium Round. World Dairy Producers Round Table	€135,00	+ taxes as applicable
Organic Dairy Products	€135,00	+ taxes as applicable
Dairy Foods and Cardiovascular Health	€140,00	+ taxes as applicable
Development Strategy for Sheep and Goat Dairy Sector	€135,00	+ taxes as applicable
Bacillus sporothermodurans - A Bacillus forming highly heat-resistant spores - New developments in detection and identification of spore-forming bacteria in milk and milk products - Escherichia coli 0157: H7: aspects of concern to the dairy industry	€140,00	+ taxes as applicable
Packaging of Milk Products	€130,00	+ taxes as applicable
Functional Requirements for Milking Machines Referring to the ISO Standards 3918, 5707 and 6690 - Guide to the Use of ISO Standards for Milking Machine Installations and Additional Definitions - Minimum Competency Standards in Dairy Curricula - Variability of the Influence of β -Lactoglobulin Phenotypes on Milk Composition - Chemical-Physical Confirmation tests ("Higher" Validation Level) for the Detection of Residues of Antimicrobials in Milk - First Experiences with Automatic Flow Cytometric Determination of Total Bacterial Count in Raw Milk - Recommendations for the Hygienic Design of Storage Tanks for milk & milk products	€140,00	+ taxes as applicable
International Prospects for Dairying in the New WTO Context	€145,00	+ taxes as applicable
Suggested Interpretation of Mastitis Terminology - Instruments for Mechanical Tests of Milking Machines - Mastitis Newsletter n°23	€140,00	+ taxes as applicable
Quality and Safety of Raw Milk and its Impact on Milk and Milk Products	€130,00	+ taxes as applicable
Quality Assurance and Proficiency Testing	€130,00	+ taxes as applicable

IDF Publications Catalogue catalog

This catalogue was generated on June 26, 2017

Laboratory Accreditation and Proficiency Testing	€130,00	+ taxes as applicable
The Use of Nisin in Cheesemaking - Overview of Iceland's Dairy Industry - Terminology for Milk Protein Fractions - Biofilms on Dairy Plant surfaces: What's New? - IDF News Briefing on Diet and Health 1997: Milkfat and Coronary Heart Disease	€130,00	+ taxes as applicable
Chemical Methods for Evaluating Proteolysis in Cheese Maturation	€130,00	+ taxes as applicable
Mastitis Therapy Is Necessary for Animal Welfare - Secretory and Migratory Contamination of Cow Milk with Plasticizers, Especially Phthalic Acid Esters - Significance of Mycobacterium paratuberculosis in Milk - Mastitis Newsletter N°22 - Evaluation of the Bactoscan 8000 Method for the Determination of Total Bacterial Count in Raw Milk	€135,00	+ taxes as applicable
The Use of Enzymes in Dairying - Application of Fourier Transform Infrared Spectroscopy in Milk and Milk Product Analysis: A Literature Survey - Fourier Transform Infrared Spectrometry: A New Concept for Milk and Milk Product Analysis	€140,00	+ taxes as applicable
Evaluation of the Electrical Conductivity of Milk as a Mastitis Indicator	€130,00	+ taxes as applicable
Half-Way Through WTO I – Count Down to WTO II – An IDF Situation Report, 1998 - Dairy Situation in Central and Eastern Europe – Development of Dairy Production in Prospective First Round Central and East European EU Member Countries and Impacts for the EU - Recent Developments in (European) Food Distribution	€130,00	+ taxes as applicable
Payment Systems for Ex-Farm Milk – Results of IDF Questionnaire 2296/A (Study Group A8) - Codex Procedures and their Importance – The New World for Dairy Products	€140,00	+ taxes as applicable
Dairy Foods In Health	€140,00	+ taxes as applicable
Dietary Calcium in Health	€130,00	+ taxes as applicable
IDF Guidelines for Hygienic Design and Maintenance of Dairy Buildings and Services	€140,00	+ taxes as applicable

Bovine Somatotropin - The Influence of
Codex Standards on International Trade in
Dairy Products - Protein Standardization – The
Case of Liquid Milks €130,00 + taxes as applicable

Fouling and Cleaning of Heat Treatment
Equipment €135,00 + taxes as applicable

Implications of Microfiltration on Hygiene and
Identity of Dairy Products - Genetic
Manipulation of Dairy Cultures €135,00 + taxes as applicable

Major Changes in the International Dairy
Trade €140,00 + taxes as applicable

Recommendations for Presentation of
Mastitis-Related Data - Guidelines for
Evaluation of the Milking Process €130,00 + taxes as applicable

Removal of Fats, Oils and Grease in the
Pretreatment of Dairy Wastewaters - Possible
Implications of Milk Pasteurization on the
Manufacture and Sensory Quality of Ripened
Cheese: A Review €125,00 + taxes as applicable

The Dairy World – Twenty-Five Years Of
Change, 1985–2010 - The Dairy Industry in
Southern Africa and Specifically South Africa €140,00 + taxes as applicable

Fat Replacers - Ripening and Quality of
Cheeses €140,00 + taxes as applicable

Codex Standards In the Context of World Trade
Agreements - IDF General Recommendations
for the Hygienic Design of Dairy Equipment €130,00 + taxes as applicable

UHT cream - Analytical Methods for the
Determination of the Urea Content in Milk -
Transgenic Dairy Mammals - Oxidized Sterols €135,00 + taxes as applicable

Effects of Whey Proteins on Cheese
Characteristics - Oligosaccharides and
Probiotic Bacteria €140,00 + taxes as applicable

Implications of Genetic Polymorphism of Milk Proteins on Production and Processing of Milk - Protein Standardization of Milk and Milk Products – Report on Responses to Three IDF Questionnaires - Report on Food in the Year 2000 – Current Trends and Current Aspects of Goat and Ewe Dairy Products

€135,00 + taxes as applicable

Teat tissue reactions to machine milking and new infection risk

€135,00 + taxes as applicable

Somatotropin (BST): International Dairy Federation technical report - Recent developments in automatic milking - Waste handling on the dairy farm

€125,00 + taxes as applicable

Behaviour of pathogenic bacteria in cheese – A synopsis of experimental data - HPLC of furosine for evaluating Maillard reaction damage in skim milk powders during processing and storage - Approach to near infrared spectroscopy

€135,00 + taxes as applicable

Medium term expectations for dairy trade - Cost of production surveys - Development of the dairy industry in the countries of Central and Eastern Europe - The structure of the dairy industry in IDF Member Countries 1991

€145,00 + taxes as applicable

The use of lipases in cheesemaking

€125,00 + taxes as applicable

Reference materials and Interlaboratory collaborative studies (third series)

€155,00 + taxes as applicable

Bacillus cereus in milk and milk products

€140,00 + taxes as applicable

General guidance on the acquisition of a laboratory robot system - Characterization of bovine rennets with regard to composition and strength (total milk-clotting activity) - Determination of residual activity of milk-clotting enzymes in cheese - specific identification of chymosin and its substitutes in cheese - Alternative methods for heating milk and milk products - Determination of indigenous antimicrobial proteins of milk

€140,00 + taxes as applicable

Inhibitory substances in milk - current analytical practice

€145,00 + taxes as applicable

Lactose hydrolysis

€140,00 + taxes as applicable
